

# The Pineapple Thief, Schoot first

Your heart is tearing us apart  
Shoot first you know its gonna hurt  
The blood flows for what I'll never know  
Your poor heart is tearing us apart  
You're a beautiful soul in a beautiful world  
But the world was left behind  
And I know its so right, and it hurts its so right  
It'll hurt till the day we die  
You're a beautiful soul in a beautiful world  
But a world we've left behind  
And I know its so right, and it hurts it so right  
It'll hurt till the day we die  
Your heart is tearing me apart  
Your heart is tearing me apart
