

The Pink Spiders, Sham On

She said, "I never really thought I'd need this"
I said, "My goal is to be cigarettes to you"
It might sound dangerous
But that just means it's worth it

I said, "I wanna get the shakes out, lady"
She said, "You don't know what you're getting into, boy"
This is a story
Where the epilogue is endless

So c'mon, c'mon
Freak out (This audio survival)
Tune in and turn it out (This rock 'n' roll revival)
'Cause I know, I know, I know
You're only pretty when you walk away
Yeah, yeah, sham on

We've got a problem, baby
Let's get hip
I wanna be cool
But all that I can be is honest
And open up
To let the pain pour from the pen

So c'mon, c'mon
Freak out (This audio survival)
Tune in and turn it out (This rock 'n' roll revival)
'Cause I know, I know, I know
You're only pretty when you walk away
Yeah, yeah, sham on
Sham on!

So c'mon, c'mon
Freak out (This audio survival)
Tune in and turn it out (This rock 'n' roll revival)
'Cause I know, I know, I know
You're only pretty when you walk away
Yeah, yeah, sham on
