

# The Pipettes, Your Kisses Are Wasted On Me

Your kisses are wasted on me (Boy)  
Can't you see we're through? (Boy)  
I don't love you don't make me smile  
For a while (Boy)  
Get out of my face (Boy)  
I'm going back out to chase some other guy  
Who I might like

And you might cry for some time (but you don't know it, no you don't know it)  
And you might try to hold my hand again (but you don't know it)

Your kisses are wasted on me (Boy)  
You better hear me clear (Boy)  
I want you out of here  
Don't tell me why  
You're just a child

And you might cry for some time (but you don't know it, no you don't know it)  
And you might try to hold my hand again (but you don't know it, no you don't know it)  
And you might cry for some time (you still don't know it)

Your kisses are wasted on me
