Whippin' up Lindsay Lohan
Whip it up, whip it up, both hands (Brr)

All these bands can't fit in this rucksack (Woo, too many pounds)
Had to put some racks in the clutch bag (Racks, racks, racks)
See a neek cash when I touch like "Fuck tax" (Huh?)
Blow a 40 stack and don't look back
Let me pour my 'gnac with my tugs
Get paid for making it rain on beats
Man laid your bae, left my stain on sheets
Hate on Aitch but don't make no P's
It ain't safe to say what I made this week
Day-to-day with no chain on me
Don't watch my neck, let the day-day speak
80K to do stage at least
Man make the cake and then break a piece
Louis cologne got me smellin' like money
I pull with all of the honey's

Leavin' the club, tryna tell me she comin'
If she don't give ucky, I'm ducking (Ah-ah)
Pull up and hop out the truck like it's nothing
The rocks on the bezel are busted
You get the smell of the cookie, I'm puffin'
I come in the function and run it
