

The Poets, It Only Takes One To Say Goodbye

Sittin' here watchin' you sleepin'
I wonder what you're dreamin'
Whit every breath I believe in me and you
I know we got our problems
Ain't nothin' we can do
Sometimes the only way out is to make it through

PRE:

It's a fine line between love and hate
We both take sides when we can't relate
Better back down before it's too late

CHORUS:

As sure as the stars are in the sky
There's gonna be tears we have to cry
No matter how hard we try
It only takes one to say goodbye
Feels like you're lookin' through me
When you're talkin' to me
If we're gonna be lovers we gotta be friens
It's a fine line between love and hate
We both take sides when we can't relate
Better back down before it's too late

CHORUS

No matter how hard we try
It only takes one to say goodbye
When it's gone it's gone and that's a fact
We gotta hold on baby don't look back

CHORUS

It's hard, we have no guarantees
It all comes out of you and me
It gonna take two hearts to try
It only takes one to say goodbye

CHORUS
