

# The Poise Rite, Underground

Take a one part of me  
take me level down  
One part of me,  
take me level down,  
Down to underground

Take a one part of me,  
take me level down  
One part of me  
To underground

There is no lights  
And she is dancing  
Between the trains of love

She said dance with me  
Dance with me  
All the time

Now the trains are gone  
And the lights are on  
The night is over  
Night is over...
