

The Pozo-Seco Singers, I Can Make It With You

When the world was on my shoulders
And all hope for tomorrow was gone
You touched my hand,
And Baby, you made me see
There's a future for me!
I can make it with you, Baby.
Rpt. I can make it with you, girl.
I can make it with you, Baby
With you by my side...
When my life had lost it's meaning,
And all my dreams had been shattered by time,
You touched my hand,
And Baby, you made me see
There's a future for me!
Rpt.
With you by my side.
I remember when I was down.
I was lost, but I've been found.
