

The Presets, Are You The One?

I don't know why
I got it so bad
Somehow I got
Out of the fry pan
I'm in a new file
We're at it sooner
Buried our souls
Out of our heads and ready to go
Slipping and sliding
I'm out of control
Crying all hot now
Head in a hole
Theres something about you I got to know
Before we go to far

What I wanna know...
I wanna Know...
What I wanna know...
I wanna know is
Are...Are you the One...
Are you the One...
Are you the One..
Are You The...

Me and my girl
Having the time oh
Time of the world
But I got a secret
No one can know
You wanna find out
Come to the show
We got good music
And you got to go
Temperatures hot babe
It's ready to blow
Until she finds out
All she knows
Something's said out loud.
in on the wall.

Before she goes too far
What I wanna know...
I wanna Know...
What I wanna know...
I wanna know is
Are...Are you the One...
Are you the One...
Are you the One..
Are You The...

Creepin' around
Crying darkness
Place to be found
Leavin' behind the noisy crouds
It's been a while since
You've come around
So lets make it worth the
Lights to the sounds
Pills the spills
The drinks to the shouts
It's turning out fine girl
What it's all about
There's just one more thing
I gotta find out

Before we go to far

What I wanna know...

I wanna Know...

What I wanna know...

I wanna know is

Are...Are you the One...

Are you the One...

Are you the One..

Are You The One...

Are you the One...

Are you the One...

Are you the One...

Are you the...
