

# The Presidents of the United States of America, F

Movin' to the country... gotta eat a lot of farm food  
Movin' to the country.. gotta eat me a lot of farm food  
Movin' to the country... gotta eat a lot of farm food  
Movin' to the country... gotta eat a lot of farm food

Farm food's grown with a plant  
Raised and planted by hu-mans  
Riding tractors around  
And no matter where I might stay  
I'll eat farm food every day  
Get it down at the grocery

Movin' to the country... gotta raise a lot of farm food  
Movin' to the country... gotta raise a lot of farm food  
Movin' to the country... gotta raise a lot of farm food  
Movin' to the country... gotta raise a lot of farm food

Took a little sap from a maple tree  
Raised some chickens to ???  
And dreamed about green acres  
Pushed my basket down the aisle  
The supermarket stretched for a country mile  
Nature's bounty for a ??? or pie

Yeah yeah, yeah yeah, yeah

Bushels of farm foods.. farm foods for me  
Acres of farm foods.. farm foods you see  
Truckloads of farm foods.. farm foods for me  
Millions of farm foods.. farm foods you see
