## The Proclaimers, My Old Friend The Blues

Just when every ray of hope was gone I should have known that you would come along I can't believe I ever doubted you My old friend the blues

Another lonely night, a nameless town If sleep don't take me first, you'll come around 'Cause I know I can always count on you My old friend the blues

Lovers leave and friends'll let you down But you're the only sure thing that I've found No matter what I do I'll never lose My old friend the blues

Lovers leave and friends'll let you down You're the only sure thing that I've found No matter what I do I'll never lose My old friend the blues

Just let me hide my weary heart in you My old friend the blues
