

# The Project Hate MCMXCIX, Blessed Are We To

Blessed are we who are sane in mind  
Blessed are we to see through lies  
Blessed are we to choose not to be blind  
Blessed are we with hollow eyes  
How blessed we are to be lied upon  
Come into me...  
Share their lies with me  
I dare you to, I dare you to  
The roses die as angels cry  
I am beauty, I'm insanity  
We are one...  
Body... soul... and pain  
Blessed are we in this infernal wasteland  
Blessed are we with the infernal hate plan  
Blessed are we to be lied upon  
Blessed are we to kill the son  
Blessed are we to bath in blood  
Blessed are we without a god  
Oh how blessed you are to be lied upon  
Come into me...  
To have their lies within your heart  
I envy you so...  
The roses cry as angels die  
I am beauty, I'm insanity  
You are alone, body and soul  
You are alone...
