

# The Project Hate MCMXCIX, Eliminate

Burn, weak one, burn  
Now I am god  
There's no return  
Once you've tasted My blood  
Demons lined up  
Grant angels Hate  
Dominate, Congregate  
It's time to Eliminate  
Though We run  
We can't escape the flames  
That burns...  
So deep within  
Though We run  
We can't escape the flames  
That burns...  
So deep within  
There ain't enough holy water in this world to cleanse Me  
Though we run  
We can't alleviate the pain  
That burns...  
So deep within  
Burn for Satan  
666, 666  
Hate, Dominate, Congregate, Eliminate.  
Though we run  
We can't escape the flames  
That burns...  
So deep within  
Hate, Dominate, Congregate, Eliminate.  
Elimination... Burn  
Burn  
Burn  
Burn  
Elimination... Burn  
Burn  
Burn  
It's time to burn Their eyes  
Feed Them lies  
Retaliate, on the christian race  
Spill Their blood  
Kill Their god  
The time is now  
Eliminate  
Though We run  
We can't escape the flames  
That burns...  
So deep within  
Though We run  
We can't escape the flames  
That burns...  
So deep within  
Though We run  
I won't keep Christ within  
That burns...
