

# The Project Hate MCMXCIX, Symphony Of The D

I grant you my demons  
Now open your arms  
Decimate the so-called greatness  
And make room for brand new scars  
Deceive the deceiver and kill the believer  
A new dawning of carnal lust  
Betray the betrayer, believe the believer  
And walk in shame to your kingdom lost  
Behold my grand return  
See the fire in my path  
Behold how I make them burn  
Where they fall I will stand as the last  
Unworthy of being the saviour  
Creator of feeble tales  
For ours is the kingdom, it belongs to us  
Us, the Hordes of Baphomet  
Kneel down before me  
Lust is the flame you'll suffer  
Kneel down before me  
God's grace has ended  
Kneel down before me  
I'll make it so you suffer  
Kneel down before me  
You're God's sheep  
God's sheep  
Eternally you must suffer  
I'll make your blood turn cold  
We rise from the deepest of depths  
To incinerate the weak one who wept  
Jesus, we crown you the liar  
We burn your soul...  
I walk among you  
I breath among you  
I live among you  
And still you don't know...  
This is the symphony of slit wrists  
This is the symphony of slit wrists  
This is the symphony of slit wrists  
This is our symphony...  
Eternally - You will never be what I have become  
Infernally - You can never see what I have become  
Eternally - You will never be what I have become  
Infernally  
I exterminate, I desecrate  
I truly hate, I dominate, I congregate  
I exterminate, I desecrate  
I truly hate, I dominate, I congregate  
Unworthy of being the saviour, the Hordes of Baphomet  
Unworthy of being the saviour, the Hordes of Baphomet  
Deceive the deceiver, must kill the believer  
Deceive the deceiver, must kill the believer  
Betray the betrayer, must kill the believer  
The Hordes of Baphomet  
To your kingdom lost...  
To your kingdom lost...  
To your kingdom lost...  
Ashes to ashes, lust to lust  
His empire is brought to dust  
Ashes to ashes, lust to lust  
His kingdom is burnt to dust
