

The Psychedelic Furs, Don't Be A Girl

don't be a girl for all their kisses
for all their kisses taste so sweet
don't be a girl for all their flowers
all their flowers fade when the day comes
and in your eyes, i've seen it rain
don't be a girl, not for me
and on your face, i've seen their names
don't be a girl, not for me
don't be a girl for all their money
for all their money comes so cheap
don't be a girl for all they promise
all their promises come so easy
and in your eyes, i've seen it rain
don't be a girl, not for me
and on your face, i've seen their names
don't be a girl, not for me
don't be a girl for all their roses
all their roses tell me they want you
don't be a girl for all their wishes
for all their wishes don't come true
and in your eyes, i've seen it rain
don't be a girl, don't complain
and on your face, i see their names
don't be a girl, not for me
and in your eyes, i've seen it rain
don't be a girl, not for me
and on your face, i see their names
don't be a girl, don't complain
not for me
