

The Psychedelic Furs, Into You Like A Train

no kind of love
no kind of love
i don't wanna make no scene
lovers come and go
or make you mrs. anyone
or make you mr. me
i'm into you like a train
into you like a train
into you like a train
yeah fall in love
yeah fall in love
i don't wanna tape you down
or shack you up with me
or put you where the flowers go
or get into your mind
i'm into you like a train
into you like a train
into you like a train
now fall in love
yeah fall in love
if you believe that anyone
like me within a song
is outside it all
then you are all so wrong
if you believe that anyone
like me within a song
would try and change it all
then you have been put on
i'm into you like a train
into you like a train
into you like a train
yeah fall in love
yeah fall in love
no kind of love
no kind of love
i don't wanna wear no side
or complicate it all
or celebrate your prettiness
and kick you in it all
i'm into you like a train
into you like a train
into you like a train
yeah fall in love
yeah fall in love
if you believe that anyone
like me within a song
would try and change it all
then you have been put on
so wrong
into you like a train
