

The Psychedelic Furs, Make It Mine

Make It Mine

Shine light enough to see
Shine brighter down on me
One wish is all i need
Shine light enough
If you can see what i see
(i'll make it mine)
You can't close your eyes on me
And on my radio you speak
(i'll make it mine)
I can't make sense of what it means

I'll make it mine...i
I'll make it mine...i

Stand tall enough to see
Stand taller now than me
Think loud enough to speak
Talk louder now

I'm gonna wear my money coat
(i'll make it mine)
And my religion and my rose
I'm gonna turn my mouth up loud
(i'll make it mine)
And not get taped or turned around

I'll make it mine...i
I'll make it mine...i

If you can see what i see
(i'll make it mine)
You can't close your eyes on me
I'm gonna wear my money coat
(i'll make it mine)
And my religion and my rose
And on my radio you speak
(i'll make it mine)
I can't make sense of what it means
I'm gonna turn my mouth up loud
(i'll make it mine)
And not get taped or turned around

I'll make it mine...i
I'll make it mine...i
I'll make it mine...i
I'll make it mine...i
I'll make it mine...i...
