

# The Psychedelic Furs, Only A Game

yeah we're in on the act  
and love's in the back  
with all of your roses and you  
yeah you you you  
a high heeled girl  
and we talk just like jazz  
like a song from the edge  
and we move like a piece of the times  
for you you you  
a high heeled girl  
high heeled girl  
the party goes on til it's late  
and there's nobody home  
and i look in your face  
and i see that i'm here all alone  
and it's only a game  
and it's only a game  
and it's only a game  
and it's only part of the act  
and love's in the back  
and everything's fun fun fun  
we're so loose for you  
won't you stay?  
they're just winding me up  
to take me away  
with a face full of plans  
and a dangerous game  
we're a two minute hit for a day  
for you you you  
a high heeled girl  
with your rings and your drums  
and a day at a time  
and a foot on the floor of your love  
it's you you you  
a high heeled girl  
high heeled girl  
the party goes on til it's late  
and there's nobody home  
and i look in your face  
and i see that i'm here all alone  
and it's only a game  
and it's only a game  
and it's only a game  
and it's only a game  
and it's only part of the act  
and love's in the back  
and everything's fun fun fun  
we're so loose for you  
won't you stay?  
they're just winding me up  
to take me away  
and it's only a game  
and it's only a game  
and it's only a game  
and it's only a game  
and it's only a game  
and it's only a game  
and it's only a game  
and it's only a game
