

# The Psychedelic Furs, Shock

i hear brand new talk  
everywhere i go  
they got a new word  
for what we do  
when the lights get low  
and i hear my heart  
beat black and blue  
don't call it love  
it don't keep time  
for me and you  
and i don't call it love  
waiting for the world to stop  
and i don't call it love  
waiting for the world  
i feel shock  
when the lights get low  
i got a heart like crime  
yeah down in my soul  
i feel shock  
when the lights get low  
i got a heart like crime  
yeah down in my soul  
when the lights get low  
and the music's loud  
and the latest song is hot and cold  
'til the stars go down  
and my blood runs cold  
and my hands just shake  
got a heart like crime and a pretty face  
ain't all it takes  
and i don't call it love  
waiting for the world to stop  
and i don't call it love  
waiting for the world  
i feel shock  
when the lights get low  
i got a heart like crime  
yeah down in my soul  
i feel shock  
when the lights get low  
i got a heart like crime  
yeah down in my soul  
i feel shock  
i don't call it love  
waiting for the world to stop  
and i don't call it love  
waiting for the world  
i feel shock  
when the lights get low  
i got a heart like crime  
yeah down in my soul  
i feel shock  
when the lights get low  
i got a heart like crime  
when the world gets cold  
i feel shock  
when the lights get low  
i got a heart like crime  
down in my soul  
i feel shock  
when the lights get low  
i got a heart like crime  
when the world gets cold  
i feel shock

when the lights get low  
i got a heart like crime  
yeah down in my soul  
i feel shock  
when the lights get low  
i got a heart like crime  
down in my soul  
i feel shock
