

# The Pussycat Dolls, Elevator

If we could stop fighting each other long enough for us to see that  
See that  
See that  
That we are stronger together than separate baby why do we believe that  
lieve that  
leive that

But you love me today  
Don't want me around tomorrow  
Everytime you change your mind I follow  
Caught up in your daze and I'm so dizzy baby  
Can't keep going back and forth on these waves  
I'm getting sea sick  
Sea sick  
Sea sick

Like the way we were before  
And I wanna know if we can go back to the days when we were close  
Sometiems I think I'm solo  
Think you don't want me no more  
But I gotta get up off this seasaw  
We're like an elavator

We go up  
And we go down, down, down  
Like an elevator  
We touch the shy and touch the ground, ground, ground  
Like an elavator  
You stuck on one while I'm pressing three  
Then we get back on the fourth floor  
And then we disagree  
And you keep on blaming me  
But I wish that you would see that I'm just trying to elevate you  
Like an elevator

Take you higher  
T-take you higher  
Take you higher  
T-take you higher

And I feel like we're speaking two different languages  
It's hard to read you  
Read you  
Read you  
But I know If you at least tried to make it half way  
I swear that I'd meet you  
Meet you  
Meet you

But we can't have a conversation without beefing  
Yell and make a fool for no good reason  
I won't let you leave and you keep asking me to stay  
One of us better figure out what we want  
Cause I'm getting a headache  
Headache  
Headache

Like the way we were before  
And I wanna know if we can go back to the days when we were close  
Sometiems I think I'm solo  
Think you don't want me no more  
But I gotta get up off this seasaw  
We're like an elavator

We go up  
And we go down, down, down  
Like an elevator  
We touch the shy and touch the ground, ground, ground  
Like an elevator  
You stuck on one while I'm pressing three  
Then we get back on the fourth floor  
And then we disagree  
And you keep on blaming me  
But I wish that you would see that I'm just trying to elevate you  
Like an elevator

Oh if there's any man that understand what I'm saying  
Won't you help me say yeah, yeah, yeah  
Oh there's gotta be some women who feeling the way I'm feeling  
Say yeah, yeah, yeah

I'll take the blame if it'll make this boat stop  
I'll hope for you if we can make it to the top  
But we gotta find a way to break down these walls baby  
I'm waiting on you stop waiting on me  
Change this elevator

We go up  
And we go down, down, down  
Like an elevator  
We touch the shy and touch the ground, ground, ground  
Like an elevator  
You stuck on one while I'm pressing three  
Then we get back on the fourth floor  
And then we disagree  
And you keep on blaming me  
But I wish that you would see that I'm just trying to elevate you  
Like an elevator

Take you higher  
T-take you higher  
Take you higher  
T-take you higher
