

The Queers, Get A Life And Live It Loser

When trouble come, you stick your head in the sand.
You fuckin' jerk, you got your drink in your hand.
And I'm fuckin' sick of hearin' you whine
About everyone that's wasting your time.
Oh yeah, wastin', wastin', wastin' all your time.

Loser, loser.
Get a life and live it, loser.
Get a life and live it, loser.
Get a life and live it, loser.
I hate you.

You think you're punk, but you're really a snob.
And you talked yourself right out of a job.
And I'm fuckin' sick of hearin' you whine
About everyone that's wasting your time.
Oh yeah, wastin', wastin', wastin' all your time.

Loser, loser.
Get a life and live it, loser.
Get a life and live it, loser.
Get a life and live it, loser.
I hate you.

You think that you're perfect, so lovable and cute.
But you're just so pathetic that it makes me wanna puke.
You stupid little shit, go suck your mommy's tit.
Get lost.

Loser, loser.
Get a life and live it, loser.
Get a life and live it, loser.
Get a life and live it, loser.
I hate you.
