

# The Queers, I Didn't Puke

You've been spreading lies around  
You've been trying to put me down  
I went to the party that much is true  
But what you said I did I didn't do

I didn't puke - (x4)

You think I'm a little winp  
Shut your mouth you fat old blimp  
I went to the party that much is true  
But what you said I did I didn't do

I didn't puke - (x8)  
(I lost my mind)
