

The Queers, I Like Young Girls

I like young girls with their pony tails.
They live in a world where nothing ever fails.
Hanging out.

I like young girls; I like the way they smell.
I like their pretty curls; their curls can go to hell.
Okay, let's go!

I like young girls with their pony tails.
They live in a world where nothing ever fails.
Hanging out.

I like young girls.
I like young girls.
I like young girls.
Well, I like young girl.
