

# The Queers, Like A Parasite

Like a parasite I wanna kiss you till you puke  
Like a parasite think of all the good things we could do  
Like a parasite I wanna crawl all over you  
Like a parasite I wanna be your Tiny Tim  
Like a parasite burrow inside underneath your skin  
Like a parasite I wanna crawl all over you

I can tell by the way you're looking at me  
We'll be together tonight

Like a parasite, like a leech  
Like a parasite, like a leech  
Like a parasite, I wanna crawl all over you

Like a parasite I wanna make you shake and twitch  
Like a parasite I think that's really fucking rich  
Like a parasite I wanna crawl all over you  
Like a parasite I wanna kiss you till you puke  
Like a parasite think of all the good things we could do  
Like a parasite I wanna crawl all over you
