

# The Queers, Next Stop Rehab

I started out by sniffing glue  
Killing brain cells one by one's so cool  
Pissing off my mom, acting really dumb  
When you get down to it, having lots of fun

What the hell is wrong with getting high  
Won't you tell me why, oh why, oh why  
I'm really in the soup, they want me in group  
And when they do I'll throw them for a loop

Next stop: Rehab - Next stop: Rehab  
Next stop: Rehabilitation - can't wait  
Next stop: Rehab - Next stop: Rehab  
Next stop: Rehabilitation - can't wait

Can't wait - YEAH!
