

The Queers, Night Of The Livid Queer

Am I going crazy or is it my empty head
B-Face is so lazy all he does is stay in bed
Going out with Nikki made Hugh's brain grow dim
But Johnny Ramine knows I can't play faster than him

GO

GO

Flippin' out I'm trippin' out

I'm really shittin' now

Night of the Livid Queer (2x)

A.J. hangs around with total acne on his face

Me and Lash ae swingin' hash over at Joe's place

The Queers threw all the knuckle-heads out the f**kin' door

B-Face better dean all of the puke up off the floor

CHORUS
