

The Queers, Night Of The Livid Queers

Am I going crazy or is it my empty head
B-Face is so lazy all day he stays in bed
Going out with Nikki made Hugh's brain go dim
But Johnny Ramone knows I can play faster than him
GO
GO
Flippin' out I'm trippin' out
I'm really shittin' now
Night of the Livid Queers (x2)
A.J. hangs around with total acne on his face
Me and Lash are slingin' hash over at Joe's Place
The Queers threw all the knuckle-heads out the fuckin' door
B-Face better clean all the puke up off the floor
(Chorus)
