

The Queers, Salt Lake City

Down in Utah

The guys and I dig a city called Salt Lake

It's got the grooviest kids

That's why we never get tired of Salt Lake

And the way the kids talk so cool

Is an out of sight thing

And the number one radio station

Makes the town really swing yeah

Salt Lake City we'll be coming soon

There's a park near the city, yeah

All the kids dig the Lagoon now

It's full of all kinds of girls

And rides and we'll be flyin' there soon now

And girl for girl

They've got the cutest of the Western states

They got the sun in the summer

And winter time the skiing is great yeah

Salt Lake City we'll be coming soon

Salt Lake City we'll be coming soon

We'll be coming soon

We'll be coming soon

We'll be coming soon
