

# The Queers, Sayonara Sucker

Sayonara sucker, get lost and get outta town  
Sayonara sucker, well I don't need you around  
'Cause you know everybody thinks that you're such a drag  
And half your brain's all alone in your head  
Face it you're fucked  
You've got a big old mouth  
I wanna stomp your face with my Keds

Sayonara sucker - (x4)

Sayonara sucker, your girlfriend's just a dumb bitch  
Sayonara sucker, I hope she gives you the slip  
'Cause you know everybody thinks that you're such a drag  
and half your brain's all alone in your head  
Face it you're fucked  
You've got a big old mouth  
I wanna stomp your face with my Keds
