

# The Queers, Teenage Bonehead

My folks had me committed just two weeks ago  
My best friend ran off with my girl - those two damn bozos  
Oh and don't you know it hurts  
But hey she ain't the first  
She ain't the first  
I was a teenage bonehead - Yes it's true  
I was a teenage bonehead - A-wah-oo-hoo  
I was a teenage bonehead just because of you  
My parents kicked me out, I'm sick of them so I don't care  
My girl sent me a post card saying "Glad that you're not here"  
Oh and don't you know it hurts  
But hey she ain't the first  
She ain't the first  
(Chorus)  
She never said goodbye to me, now I sit here wondering  
Where she is and what she's eating...  
Oh and don't you know it hurts  
But hey she ain't the first  
She ain't the first  
(Chorus)
