

# The Raconteurs, Hands

Girl you got those hands that heal  
Help me get in touch with what I feel  
'Cause you understand and you sympathize  
And you know me best it's not surprise  
When you're with me there's a light and I can see my way  
When you speak to me it's a song and I know what to say  
Girl you got those eyes that see  
Help me find the good that's inside me  
'Cause you're the only one who really knows  
How the feeling comes and why it goes  
When you're with me there's a light and I can see my way  
When you speak to me it's a song and I know what to say  
[repeat]  
When you listen there's a hope and I know I'm being hurt  
When you smile at me and I know and we don't have to speak a word  
When you're with me there's a light and I can see my way  
When you speak to me it's a song and I know what to say
