

The Ramones, Touring

Well, weve been to london and weve been to l.a. spain, new zealand, and the u.s.a.
Europe, japan, and pango-pango canada, siam, oz and kamoto

The kids all come from miles around
The party gets started when the sun goes down
A holiday inns the only home I know

Rock-n-rolls alive cause we got the power baby
Crusing down the highway at 500 miles an hour baby

We got a fuel-injected tour bus, man it really flies
With a video tape deck inside

Lets go, rock-n-roll, everybody cmon
Lets go, rock-n-roll, everybody cmon now

Touring, touring, is never boring touring, touring, is never boring
Touring, touring, is never boring touring, touring, oh baby, touring
Especially with your favorite girl touring, touring, all around the world

Well weve been around this great big world
And weve met all kinds of guys and girls
From kamoto islands to rockaway beach
No, its not hard, not far to reach

American girls knock me out, ya know
Fast cars, cold beer, and rock-n-roll
America is the only home I know

Lets go lets go lets go lets go 500 miles to mexico
Lets go lets go lets go lets go 200 miles to tokyo
Lets go lets go lets go lets go

Drive, drive, drive the night away
Straight on through to the break of day
Drive, drive, drive the night away
Well, its in your blood, its in your blood

Touring, touring, is never boring touring, touring, is never boring
Touring, touring, is never boring touring, touring, oh baby, touring
Especially with your favorite girl now
Touring touring, all around the world touring touring, all around the world
Touring touring, all around the world
