

# The Rasmus, Can't Stop Me

dying of laughter but you know the answer  
who will be the one?  
to finally stand up and take a chance  
cause life has just begun

and i don't need the TV  
i don't need the shotgun  
i don't have to run i can reach you  
i'll follow the feeling  
swallow the meaning  
i don't have to run if i need you  
i can reach you

## CHORUS:

i will do what i feel like  
hey, can't stop me now  
i will do what i feel like  
hey, can't stop me now  
i will do what i feel like

i don't need to rule ya  
i don't have to fool ya  
i've got nothing to prove  
i can reach you from here  
swallow the shotgun  
show you the meaning  
i don't wanna deal with the feelings of fear

## REPEAT CHORUS

i own my cloud  
the only one  
i'll be alone  
and from now on

i don't need the TV  
i don't need the shotgun  
hey, i'll do what i feel like  
follow the feeling  
swallow the meaning  
do what i feel like hey  
do what i feel like hey  
i will do what i feel like
