

# The Rasmus, Guilty

(Woah)  
(Yeah)

I feel guilty  
My words are empty  
No signs to give you  
Don't have the time for you

You say I'm heartless  
And you say I don't care  
I used to be there for you  
You've said I seem so dead  
That I have changed  
But so have you

Guilty (woah), guilty I feel so  
Empty (yeah), empty you know how you make me feel

I put a shield upon you  
I didn't mean to hurt you  
Would've only poisoned your mind  
Never meant to make you cry

You've been so thoughtless  
I can see right through you  
You used to be there for me  
Don't you leave and say goodbye  
'Cause you have changed  
But so have I

Guilty (woah), guilty I feel so  
Empty(yeah), empty you know how you make me feel

I never thought that the time and the distance  
Between us made you so much colder  
I'll carry the world on my shoulders

(whisper) Guilty,

Woah!

(whisper) Guilty,

Yeah!

(whisper) Guilty  
Guilty (woah)  
Empty (yeah)

Guilty (woah), guilty I feel so  
Empty (yeah), empty you know how you make me feel

Guilty (woah)  
Empty (yeah)

You know how you make me feel

Guilty (Woah), so guilty  
Empty (woah), so empty, you know how you make me feel
