

The Rasmus, Heartbreaker

Well anyway it's a long story.
She's been waiting for so long
Still got the songs in her mind and the autograph on the photograph
She's got a past full of secrets
She's got a clock on her feelings back from the days when she used to have wings
She had a dream full of anger
She had a dream full of action
Afraid to get old she feels so cold
Such a typical reaction

Oh yeah, oh yeah. She wanted to be a heartbreaker
Oh yeah. She was so greedy but a lousy lovmaker
Oh yeah, oh yeah. She wanted to be a heartbreaker

She used to be the queen of the scene
She had a key but she lost it
Nothing's gonna last and the time goes fast - she knows
She had a man but she messed it up again
She had a chance but she blew it
She's gotta little baby boy in her womb but she doesn't have a clue yet

Oh yeah...

Striking her down
Crushing her to the ground
