

The Rasmus, Life 705

It is preventing tomorrow it's so tough
It is a fanning horror it's so rough
It's not a pacifist
It's not a pacifist
It's not complaining or praising it's not fair
It is pretending to mind it doesn't care
It's not a pacifist
It's not a pacifist
Would you be?

CHORUS

It's taking your time
It doesn't matter what you feel
It's harder than steel
One day we'll find a reason why
I'm not sorry

It is aware of your thoughts you think in vain
It will start up a riot and release the pain
It's not a remedy
It's not a remedy
You will follow the orders of your king
You will bury the answer of this thing
It's not a remedy
It's not a remedy
Would you be?
