

The Raveonettes, Remember

And I Never Think You'll Get It
Tonight You're Doing Something
This Fix Is More Important Than You Are

Hooking In The Streets
Don't You Have Somewhere To Go
This Man Is More Important Than You Are

Girl Can This Summer Turn You On
When You Walk Inside Yourself
And Feel The Moon Has Let You Down

Remember When The Heat Could
Knock You Off Your Feet
I Remember When The Streets Would
Still Be Good To Me

Girl Where Were You On That Perfect Day
When Hearts Were Handed Out
And Young Girls
Found Pretty Lover Boys

Come On
Make It Right
