

The Red Jumpsuit Apparatus, Senioritis

Gather round now everyone
Put your glass in the air
Sing along now everyone
We've got a reason to cheer
Take it in, breathe it in
We are about to begin
Make the choice to use your voice
But don't get lost in the noise

CHORUS

Skip classes, take chances, have fun
Cuz when it's over, it is done
Skip classes, take chances, have fun
How did this come to an end
We shouldn't have to pretend
Everything we know could change
Will you remember my name
I hope you do honestly
I'll keep you in my memory
Make the choice to use your voice
But don't get lost in the noise

CHORUS

Skip classes, take chances, have fun
Cuz when it's over it is done
Skip classes, take chances, have fun
I have waited so long
To write this song for you
I hope you like it
I have waited so long
To write this song for you
I hope you like it
I have waited so long
To sing this song with you
I know that you'll like it

CHORUS

Skip classes, take chances, have fun
Cuz when it's over, it is done
Skip classes, take chances, have fun
