## The Rembrandts, Call Me

We both know you and I, have been through harder times But now your silence seems, a very different kind It feels like I've been dyin', just to hear your voice again CALL ME..CALL ME-CAN'T YOU HEAR ME CRYIN'? CALL ME..CALL ME-PLEASE DON'T LEAVE ME HANGIN' ON So maybe you were right, and maybe I've been wrong Why did I have to go, and wait it out so long? But I didn't mean to hurt you-If you could only feel my pain Now I can't speak for you, but I wish you'd talk to me How difficult can this one conversation be? (CHORUS 2x) Call me Please don't leave me...hangin' on Call me Call me Call me
