

The Rembrandts, Drowning In Your Tears

I see more with my eyes closed, then you'll know, before the day is new
No matter what your lips say-You're a window, which I am looking through
I'm waitin' for the band to play, a song to carry me away
I'M DROWNING IN YOUR TEARS-DO YOU REVEL IN THIS PAIN?
I'M DROWNING IN YOUR TEARS, THEY ROLL DOWN YOUR FACE LIKE FALLIN' RAIN
Now is this all that I live for, or is there a door, which I have not been through?
Can we go on believin', there's a reason, to hold on like we do
Now what else is there I can say, to make your heartache go away?
(CHORUS)
Forever you'll be a part of me, as sure as the air, is ours to breathe
I'm hoping that we will find a way, for us to walk on, our seperate way
I'm waiting for the band to play, a song to carry me away
(CHORUS 2x)
