

The Replacements, Beer For Breakfast

All I wanna do is drink beer for breakfast
All I wanna eat is them barbeque chips
All I want is someone to just try and protect us
You can try but never wanna try and defect us

I telling you I am through
Mama's baby boy is a bum

All I wanna do is stay in this life
All I wanna pick is your nose, honey, hi
Sweet little corny you've gotta be husky
I am dreaming of a white Christmas

Honey where I'm from
Mama's baby boy is a bum
Honey where I'm from
Halle-fucking-lujah
I'm a bum

Baby boy's a bum
Baby boy's a bum
Baby boy's a bum
All I wanna do is drink beer for breakfast
