

# The Replacements, Don't Ask Why

Really lost my good thing now  
Really lost my good thing  
You don't call, I don't cry  
You don't call and I and  
We know it's over now  
We know it's over  
The way I used to love her  
That's the way I hate it now  
The way I used to love ya  
Well, don't ask why  
Don't ask why  
Don't ask why

You're goin' out of my mind  
I'm staying out of your  
Way I used to love ya  
That's the way I hate it now  
You know the way I used to love ya  
That's the way I hate it  
Don't ask why  
Don't ask why  
Don't ask why

Don't don't don't ask why  
Don't don't don't ask why  
Way I used to love ya  
That's the way I hate it now

You know the way I used to love ya  
That's the way I hate it now  
Don't ask why  
Don't ask why  
Don't ask why  
Don't ask why  
Why not?
