

# The Replacements, Dope Smokin' Moron

Saw your van on the sand and I don't understand  
Tell me why you do it cause you understand  
Look at where you're goin' before you go insane  
Your pills and your booze and you're not the same

Dope smokin' moron don't make me yawn  
Dope smokin' moron don't make me yawn  
Dope smokin' moron don't make me  
Don't make me  
Don't make me yawn

I keep thinking wonderin' why you do it to yourself  
You parents say you do it your way  
You're cruisin', you're losin' it on the side  
Take this turn, keep doin' it you're gonna die

Hey, Merle, I was wonderin'... if ya had any 'ludes on ya?
