

# The Replacements, Hold My Life

Oooo well, well, well  
I bought it  
Down on all fours  
Let me crawl  
If I want I  
Could die  
Oh by  
My hand  
Time for decisions to be made  
Crack up in the sun  
Lose it in the shade

Razzle dazzle razzle droll  
Time for this one to come home  
Razzle dazzle razzle die  
Time for this one to come alive  
And hold my life  
Until I'm ready to use it  
Hold my life  
Because I just might lose it  
Because I just might lose it  
Because I just might lose it

Well, well, well  
Anyone could tell  
Classic awe  
A lucky shot  
Ooo-leh-do  
Hate 'em  
Someday soon  
Face 'em  
Time for decisions to be made  
Crack up in the sun  
Lose it in the shade

Razzle dazzle razzle droll  
Time for this one to come home  
Razzle dazzle razzle die  
Time for this one to come alive  
And hold my life  
Until I'm ready to use it  
Hold my life  
Because I just might lose it  
Because I just might lose it  
Because I just might lose it

Just my, just my, just my  
We might crack up in the sun  
But we'll lose it in the shade

Razzle dazzle razzle droll  
Time for this one to come home  
Razzle dazze razzle die  
Time for this one to come alive  
And hold my life  
Until I'm ready to use it  
Hold my life  
Because I just might lose it  
Because I just might lose it  
Hold my life  
Hold my life  
Hold my, hold my, hold my, hold my, hold
