

The Replacements, Love You Till Friday

Some girls are a pain in my life
When they try to be my wife
So some may come and some may go
Round each night
Just don't try to be my wife
Oh no, I'll call you on Friday
I'll call you on Saturday
I'll love you till Friday
Come on

Some girls are a pain in my life
When they try to be my wife
So some may come and some may stay
Out each night
If they try to be my wife
Oh no, I'll call you on Friday
I'll call you on Saturday
I'll love you till Friday
Come on, come on

Oh no I'll love you till Friday
I'll call you on Friday
I'll love you on Saturday
On Friday
On Friday
On Friday
On and on and on
(I'll call you later)
