

# The Rifles, Peace And Quiet

I don't see how another days gonna make us change our minds  
So why don't we go separate ways ad save us a bit of time  
We can't go on trying living behind this worn out and thin disguise  
I don't want to try talking it out I don't need another fight  
It just won't work when

All I want is a little peace and quiet

I just don't wanna live this way cause lately were up al night  
I can't speak free when your in my face and I don't like to be unkind  
But constantly you try and turn it around when claerly its black and white  
Somethings gone and now I'm feeling down cause I've been here a million times  
It just won't work when

All I want is a little peace and quiet
