

# The Riverdales, Not Over me

one two one two three four  
we had such a cool time  
staying up all night  
so what happened to you  
what do you got you gotta prove  
you're not over me, I bet you wish that  
you were over me, I know the truth that  
you're not over me, you're not over me,  
and I'm not over  
you were always so rad  
you took off so too bad  
so what happened to you  
what do you got you gotta prove  
you're not over me, I bet you wish that  
you were over me, I know the truth that  
you're not over me, you're not over me,  
and I'm not over you  
you're not over me, I bet you wish that  
you were over me, I know the truth that  
you're not over me, you're not over me,  
and I'm not over  
you're not over me, I bet you wish that  
you were over me, I know the truth that  
you're not over me, you're not over me,  
and I'm not over you
