

# The Rolling Stones, Highway Child

Won't you come on and call my name  
Can't you see I'm a only one  
Whoa when you call my name  
Yeah I'm the lonely one  
Yeah when you come along  
We go for a drive  
Yeah I'm a lonely boy  
Yeah going by  
Every time I get to shell it down  
Every time that you put me down  
Can't you see by now, I'm a highway child  
Can't you see by now, I'm a highway child

Whooo!

Well when you call my name  
Who should you hypnotize  
Yeah when you scratch my lights out  
Yeah I feel it's all right  
Yeah when you scratch me babe  
Then you find me up peak  
Yeah make me feel so good  
Your plan would never look complete  
Won't you come in and settle down  
Can't you see I'm a hauling bound  
Can't you see by now, I'm a highway bound  
Can't you see by now, I'm a highway bound

Yeah get it!

Yeah!  
Yeah baby when you call my name  
You can see I'm the only one  
Hey I'm in misery  
Little mama I'm the lonely one  
Yeah when you promise me  
Yeah when you promise I  
Yeah I'm in misery  
I'm a highway child  
If you promise to call my name  
I can promise to settle down  
Can't you see by now, I'm a highway child  
Can't you see by now, I'm a highway child
