

# The Ronettes, Can't Stay Away From You

Time flies  
When you're having fun  
I heard somebody say  
But if all I've been is fun  
Then baby let me go  
Don't wanna be in your way  
And I don't wanna be your second choice  
Don't wanna be just your friend  
You keep telling me that you're not in love  
You wanna throw it all away

But I can't stay away from you  
I don't wanna let you go  
And though it's killing me that's true  
There's just some things I can't control

Your love is slipping through my hands  
And though I've heard it all before  
I know you're telling me the truth  
I know it's just no use  
But I can't stay away from you

Hold on to every bit of hope, that's all I ever do  
Hoping you might change your mind  
And call me up to say how much you need me too  
And though you're leaving me no other choice  
Than to turn and walk away  
Look over your shoulder, I'll be there  
You can count on me to stay ...

'Cause I can't stay away from you  
I don't wanna let you go  
And though it's killing me that's true  
There's just some things I can't control  
Your love slipping through my hands  
And though I've heard it all before

I know you're telling me the truth  
I know it's just no use  
But I can't stay away from you

I know you're telling me the truth  
I know it's just no use  
But I can't stay away from you
