

# The Roots, Tao Of The Machine

Come on - ha - you want it want it  
Come on - you want it - ha  
Come on - you want it want it  
Come on - you want it

Yo

We got to get started  
We got to get started

Come on - come on - come on - come on

What ya'll get it ain't haunted, call it  
I see some of y'all thirsty for it  
Straight runnin' y'all winnin' come down to the combat dog I'm a workaholic  
My smack touches every enemy within my clutches  
Black bringin' that ruckus  
And I'm puttin' that lean on all you suckas  
Black! Yo bone crushes  
Every opponent suffers  
Yer tone hushes from bunches  
Don't you like percussion?  
Don't lose yo life for nothin'  
You don't wanna try to touch 'em  
No competition, listen: this ain't open fo' discussion

Ha - you want it want it  
Come on - you want it  
Ha - come on - you want it want it  
Ha - you want it  
Come on - ha - you want it want it  
Come on - you want it

We got to get started started...

Come on - you want it want it  
Come on - you want it want it  
Come on - you - come on - you - come on - come on - come on...

My sound entrenches each of the five  
Senses and hold in shock  
Value of electrified  
Fences you mortify, pressurize, best defy  
We slide into the next dimension time to exorcise, recognize  
Your spine tingle, darts mingle, while this line sting you  
It's tricks on yo state of mind, somebody's watching you  
Just look alert-alive  
Cuz only one survive  
No use of lyin' to yourself, you standing eye-to-eye

Ha - you want it want it  
Come on - you want it  
Ha - come on - you want it want it  
Ha - you want it  
Come on - ha - you want it want it  
Come on - you want it  
Ha - come on - you want it want it  
Come on - you want it

YO!

We got to get started started  
We got to get started - yeeah  
We got to get started started...  
Come on Come on Come on Come on

We got to get started started  
We got to get started - yeeah
