

The Ruts, S.U.S.

Down in the street just waiting for a bus
This cop comes up, their giving me the SUS
They said Hey sonny, I think youre in our file.
Well, you better come with us for a while

We got you on SUS
You look to obvious
You better come with us
And dont make no fuss

We got you on SUS

So they shake me down
Try to make me look like a clown
I just stare at the ground

You better come with us
(We got you on SUS)
You look too obvious
(You better come with us)
And dont make no fuss
(Too obvious)
You better come with us
(Dont make no fuss)
We got you well,
We got you on SUS

Solo

You look too obvious
(We got you on SUS)
You better come with us
(You look too obvious)
And dont make no fuss
(You better come with us)
We got you on SUS
(You better come with us)
Dont make no fuss
(You better come with us)
We got you on SUS
(You better come with us)
We got you well
(You better come with us)
We got you well
We got you in SUS
